

Thank you for your interest in renting ice at the Port Perry Community Curling Club, located at 456 Bay St (at Old Simcoe St.).

The Port Perry Curling Club has 4 sheets of ice which can accommodate up to 32 curlers at a time.

Ice is usually rented for a 2-hour period. Your rental fee includes the equipment you will need, grippers, sliders, brooms and of course, rocks. Rates vary as we offer discounted rates to members and school groups.

How many sheets do you need? Curling is a team sport comprised of four members; 2 teams per sheet.

For your safety and enjoyment, when the club rents ice to non-curlers, we require that you have instructor(s) who will provide a safety overview, show you how to deliver a curling rock, how to sweep and how to play the game. You will need one instructor per sheet. The current charge is \$50 per instructor. Our club is a club of volunteers. If we are unable to provide enough volunteer instructors, we may not be able to accommodate your group.

Ice Rental Times: Go to our website, [portperrycurling.com](http://portperrycurling.com). Click on *Club Events*, then *Club Calendar* to check availability. Rental Rates are listed under *Our Club, Rental Information*. Also listed under *Our Club* is *Contact Information*. [info@portperrycurling.com](mailto:info@portperrycurling.com)

If interested in renting ice, please provide the following information: date/alternative dates and time; number of participants, number of sheets of ice you want to book, whether you require curling instruction, what % of your group have curling experience, and contact information (phone and email).

Parking is available and in the lower level of the club are washrooms and change rooms.

### **What to Wear**

It is about 5°C in the ice shed so dress warmly in layers so you can easily adjust as required. Wear loose fitting, stretchy pants and bring a pair of gloves.

**Shoes: You will need clean, flat bottomed shoes, such as indoor running shoes. It is imperative that anyone entering the club remove their shoes/boots at the front lobby and change to clean indoor shoes. This will limit the debris and salt that may be tracked into the club and onto the ice. The lobby has room for coats and boots/outdoor shoes.**

Helmets: Protective head gear (helmets), while recommended for all ages, is mandatory for children between the ages of 7 and 12. Please note you are responsible for bringing your own helmets to the curling club (hockey or bike helmet).

### **Ages**

Children 7 and older are permitted to curl. Children under the age of 7 are NOT allowed onto the ice surface under any conditions.

Rowan's Law legislation came into effect on July 1, 2019 and it requires **any athlete under the age of 26** to confirm they have reviewed Ontario's Concussion Awareness Resources. Our club must verify and keep evidence that each curling participant (including rentals) under the age of 26 have read and understood their age/role appropriate resource and acknowledged such by signing the **Receipt of Review** of Concussion Awareness Resource. Furthermore, it is the policy of the Port Perry Community Curling Club to keep a copy of each signed form.

There are 3 different resource booklets, each for a specific age group, 10 and under; 11 to 14; and 15 and up.

Attached please find a **Receipt of Review** form (Rowan's Law Consent), as well as an **Assumption of Risk Agreement** (we require anyone under the Age of Majority [18] and their parent or Guardian sign an Assumption of Risk Agreement). For those over 18 we require the **PPCC Waiver (Release of Liability, Waiver of Claims & Indemnity Agreement)** to be signed.

Please forward to everyone in your group and ask that they review, sign and either print or scan the documents. Either bring printed copies to the Club on the day of your rental or email scanned documents prior your rental date to [bholland@sympatico.ca](mailto:bholland@sympatico.ca).
